Hinrichs

Dear Sir

I shall be greatly obliged to you if you can furnish me a copy of the monthly mean temperatures of St Louis for as many years back as possible.

I shall be so much the more obliged, the sooner you can furnish me these data, as I desire to use them in an investigation almost ready for publication.

Shall be glad to reciprocate. Enclosed proof for no. of Iowa Weather Review — which shall be glad to send.

Truly yours

Gustavus Hinrichs
